Dear Patrick and Christalyn,

Congratulations on the Annual Lost Lake Run! You should be proud of the success this run has had since its start in 1992.

The commitment that the Annual Lost Lake Run has had to curing and the control of cystic fibrosis is inspiring. I salute the both of you for your efforts and passion for this effort that plagues so many in our country. Thanks to efforts like yours, and those that run organizations similar to yours, the average life expectancy of those that suffer from cystic fibrosis has increased significantly in recent decades. Your dedication to this cause benefits our nation as a whole. This is an impressive accomplishment and I know you will go on and use your skills to continue helping communities in our great state. It is clear that Alaska is doing its job in nurturing some of the country's finest citizens and wish you all the best in your future endeavors.

Sincerely,

DON YOUNG
Congressman for all Alaska
